

## **Nancy Burba and Rowan**

Nancy Burba and her family moved to Oklahoma 5 years ago, settling in Stillwater where her husband is a professor at the Veterinary College. They moved from Louisiana where Nancy had built a successful Dressage instruction and training business. She started from scratch at a lovely facility north of Stillwater, and now has a very strong youth-centered business, Noble Road Equestrian Center. Her Louisiana students won't let her go, and bring her back several times a year for clinics there. Nancy is a USDF Certified Instructor to Second Level, and has earned her Bronze and Silver Medals from USDF, as well as the USDF Bronze Bar for Musical Freestyle. She has been an ODS Member since moving here, and actively shows her own horses, as well as encouraging her young riders to get down centerline. Nancy trains with Sarah Martin when Sarah comes to Oklahoma for her Advanced Group and Open clinics, and Nancy's dedication to learning has taken her to Colorado to work with Sarah every summer for the past several years. If elected to the Board, she will bring her enthusiasm and knowledge of the correct training in dressage, and will be active in encouraging education, especially for the young riders who will be the future of dressage in this State and Region.
